

MATH M409: LINEAR TRANSFORMATIONS

Spring 2022

Professor Jim Davis

Office: RH 259

email: jfdavis@indiana.edu

Office hours:

Tuesday 1:30-2:30

Friday 9:15-10:15

and by appointment (after class is usually good.)

Grades: Two exams worth 25%, final worth 30%, homework and quizzes worth 20%. The final is scheduled for 10:20-12:20 p.m., Mon., May 2.

Textbook:

Friedberg, Insel, Spence, *Linear Algebra, 5th Edition*

I would like to cover the non-starred sections of the textbook, but we probably will not have time for Chapter 7. I will prioritize the Spectral Theorem, and may have to skip some topics so we can do it.
